

DURAPRO[®]

AW3649

Rapid-Set Wood Glue

DURAPRO AW3649 is a polyvinyl acetate based adhesive characterized by high solids content and rapid setting. DURAPRO AW3649 is used for bonding a wide variety of wood species (except exotic wood) in applications such as composite board, edgbanding and surface bonding. The dry film is easily sanded and is not affected by lacquers, paints, varnishes. Contains a UV tracer for easier viewing with ultraviolet blacklight for removal of excess adhesive.
